WHY DO WE DO IT?

La Serra d'Irta is among the last well preserved coastal mountain ranges in the Western Mediterranean region.

It has been proven that the large influx of visitors who access to the beaches with **motor vehicles** causes serious impacts on the coastal ecosystem of the Natural Park, by generating a large amount of dust, which is deposited on the vegetation and causes inconvenience to visitors who are walking or cycling, the compaction of the soil and the loss of vegetation cover when parking outside the designated areas, or landscape degradation. There are also effects on the fauna, its distribution and behavior

Last but not least is the safety of visitors who are in the coastal area and that may be affected in the event of an evacuation process.

It is our responsibility to collaborate so that the situation does not get worse, so that we can continue enjoying this very appreciated coastal natural area.

WHAT SHOULD I DO IF I AM AN OWNER OR A RESIDENT?

To prove an ownership of land or home within the Natural Park, you must send to the e-mail serra_irta@gva.es the following documentation:

- One document accrediting the property: a simple copy of the registry of ownership of your plot or another accrediting document admissible in law.
- List of license plates of the vehicles with which you will access to your property.

HOW WILL IT BE DONE?

Access to the coast of the Serra d'Irta Natural Park will be limited **exclusively to motor vehicles**. For this, two access control barriers have been set up: one in the northern area of the Park, nearby Peñíscola, before Torre Badum and another in the southern area in Alcossebre, after passing Cala Blanca. These barriers controlled by staff of the Park, will only allow access to motor vehicles of:

- visitors who have **reserved a parking space**.
- owners and residents coming to their property (pre-autorisation required)
- authorised vehicles.

WHAT SHOULD I DO TO VISIT THE NATURAL PARK COVES WITH A MOTOR VEHICLE?

Reserve a parking space in one of the designated areas (parkings) **one day in advance** to your visit by calling **+34 964336790 from 09:00 a.m. to 13:00 p.m.** You must park on an angle and **exclusively within the assigned area**.

REMEMBER that to access the Park coast you **must have a reserved space**. Likewise, **overnight parking is not allowed**.

WHEN DOES IT START?

Restricted access by motor vehicle to the park will start this year from **July 11th until August 31st**.
